SUMMARY

Monica Elmanta Putri is currently pursuing her undergraduate studies as a 5th-semester Computer Science student at Bina Nusantara University, with a focus on database systems and a strong interest in UI/UX design. She is a curious and fast learner with a passion for combining technology and creative problem-solving. Known for her strong sense of aesthetics and attention to detail, Monica actively seeks new challenges and learning opportunities. She thrives in collaborative environments, demonstrates a positive and solution-oriented mindset, and is capable of working effectively both independently and as part of a team.

Organisational experience

Design and Documentation Staff – Konser Awal Tahun 9.0

2025
